

MAP OF S.E.A. AQUARIUM

ZONES

1 Shipwrecked!

At one of our largest habitats, discover how shipwrecks turn into artificial reefs that support animals like the zebra shark!

2 School of Fish

Think you know everything about the ocean? Test and expand your marine knowledge here as you learn about marine record holders and Singapore's marine biodiversity. You'll also get to see over 5,000 fishes!

3 Ocean Diversity

Fishes are not the only animals in the ocean! Come gaze at our octopus, dolphins and about 1,000 photogenic sea jellies as you marvel at all that the ocean holds!

4 Open Ocean Habitat

Our centerpiece attraction is home to over 40,000 marine animals across 120 species, including reef manta rays – you can also watch them glide by above you at the Ocean Dome!

5 Quirky Adaptations

Be surprised by how quirky marine animals like the elephant fish and weedy sea dragons can look!

6 Underwater City

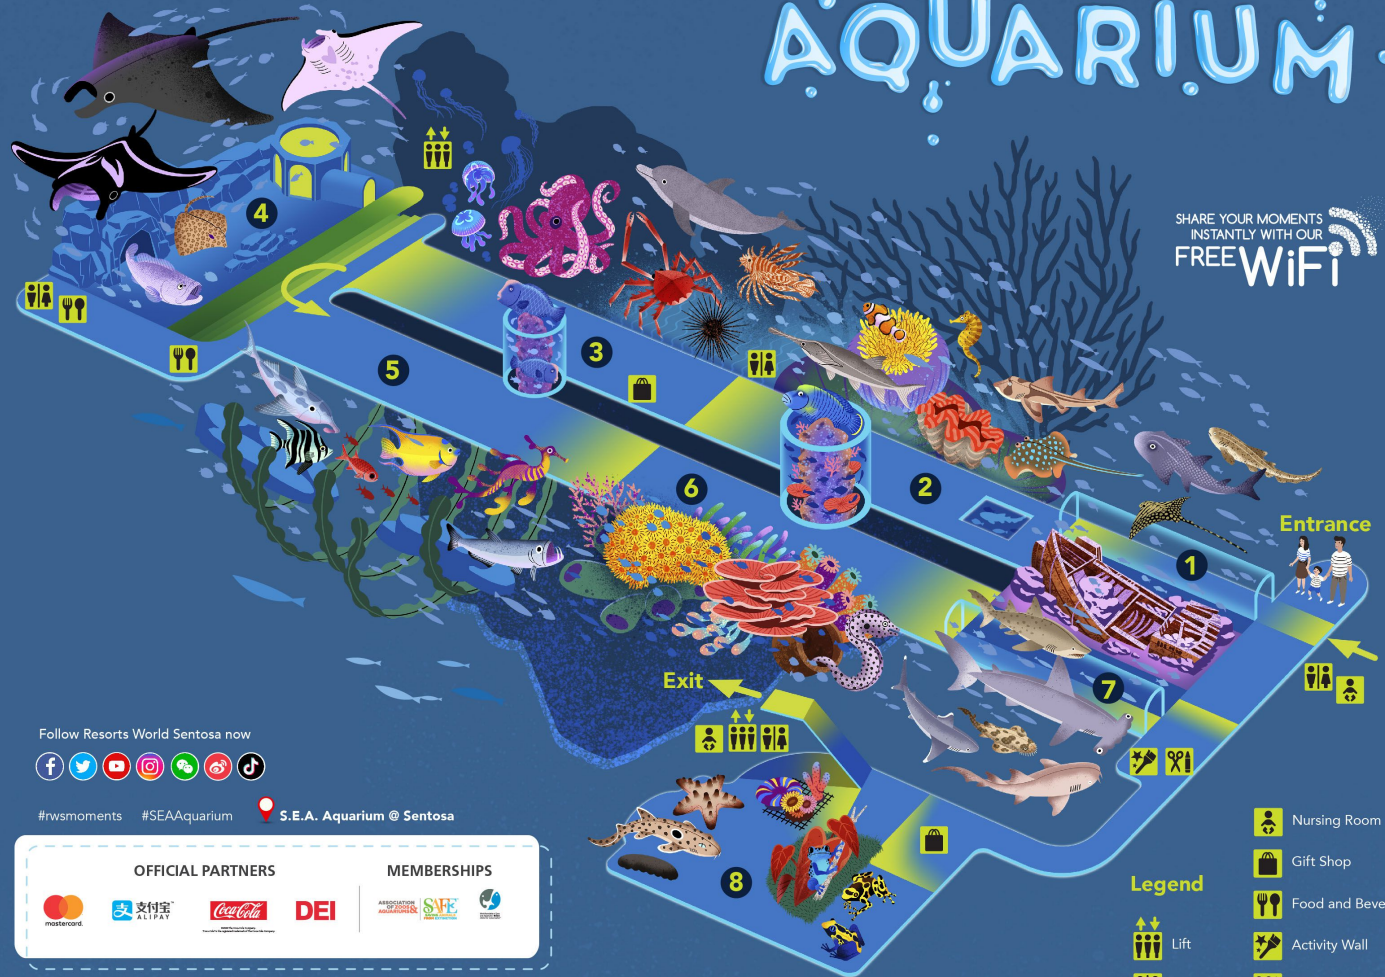

Discover why coral reefs – large underwater structures that are almost city-like – are so important to the marine ecosystem!

7 Apex Predators of the Sea

Be amazed by over 100 sharks across 12 species, like the tawny nurse shark and the critically endangered scalloped hammerhead shark, which has almost 360° vision.

8 Aquatic Ecosystems

Observe the bright colours of the poison arrow frogs while discovering the close connections between rainforests and the ocean. Gain insights into the lives of intertidal animals, such as the knobbly sea star, at our Discovery Pool.
